Many of us celebrate the [Fourth of July](#) every year with [fireworks](#), barbecues, concerts and parades. Growing up, you may have heard that we celebrate Independence Day on July 4 because that's the day the Founding Fathers signed the Declaration of Independence, but that's not technically true. Although the Declaration was adopted on July 4, 1776, it wasn't signed by most people until a month later. Interesting fact.

Every 4th of July the Liberty Bell in Philadelphia is tapped – although not actually rung – 13 times in honor of the original 13 American colonies.
